

In-Home Recreation Volunteer

DESCRIPTION OF PROGRAM

In-Home Recreation offers a recreation and leisure assessment with a Certified Therapeutic Recreation Specialist (CTRS) to create personalized activities for clients living with dementia. After the development of the personalized plan, the CTRS will provide a carefully selected volunteer, who has completed specialized training and rigorous screening, to facilitate the activities and provide social and cognitive stimulation to the client through ongoing weekly visits. This program will also empower care partners by teaching a variety of activities, educational opportunities and support in the comfort of their own home.

VOLUNTEER ROLE DESCRIPTION

In Home Recreation Volunteer

Objective:

- To assist the person with Alzheimer's disease or other dementias (ADOD) and their families by providing companionship for the person, delivering client-specific recreation interventions to stimulate memory, confidence and overall quality of life, and providing relief for the caregiver.
